takkar.info

Free 8-week pilot

Run a private league for your students.

Takkar is a daily quiz duel for SSC, banking and railway aspirants. Your channel gets its own league, and your students get a reason to practise every day.

A league with your channel's name

Students join with your invite code. You approve who joins.

One daily duel, the same for everyone

Ten fresh Quant and Reasoning questions every day, new at midnight.

A Monday report

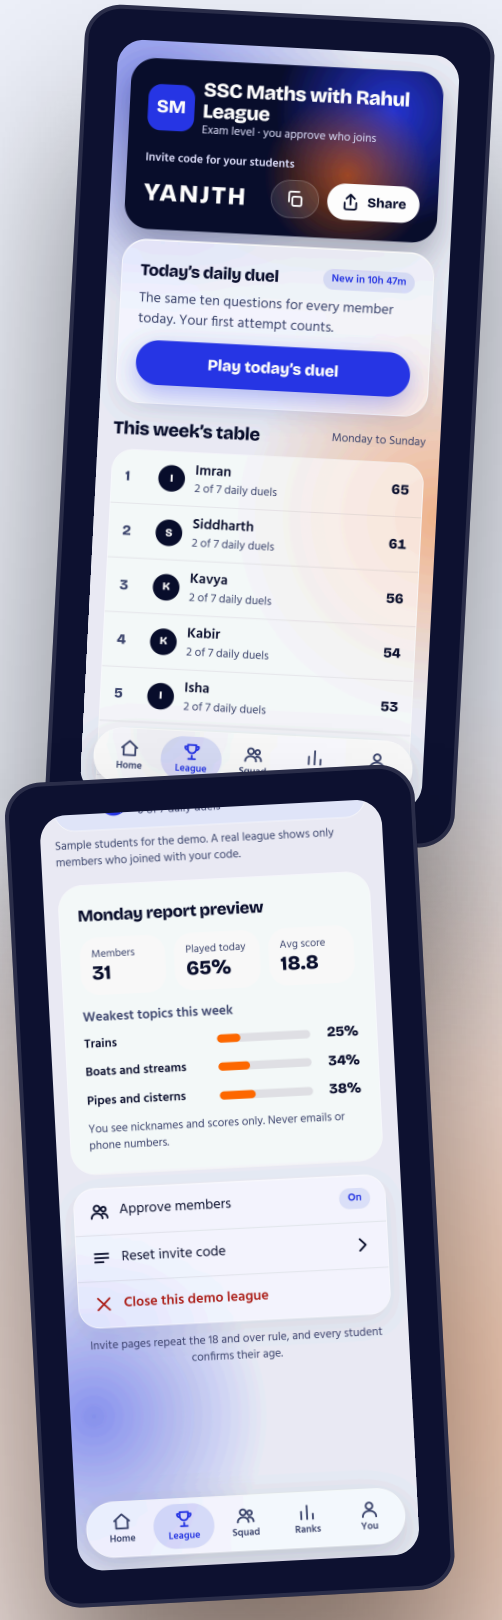

Who practised, the average score and the weakest topics of the week.

No work for you

Questions, timing, exam marking and full solutions are built in.

Privacy first

You see nicknames and scores only, never emails or phone numbers.

The pilot

Free for 8 weeks. We ask you to post the league code once a day in the first week and give us 15 minutes of feedback in week 2. Either side can stop at any time.

Write to educators@takkar.info. Takkar is for aspirants aged 18 and over, has no cash prizes or betting, makes no promise of results and is not affiliated with any exam-conducting body. Screens are from the current prototype; names shown are samples.
